ANALYSIS OF STUDENT FEEDBACK ON CURRICULUM (Curriculum Feedback Analysis 2020-21)

Programme : B.Sc (Hons) MICROBIOLOGY

The sequence of the content is well organized.

Uniformity of syllabus in terms of curriculum load.

Course curriculum is career oriented.

Learning values are realized for development of skills, concepts, knowledge and analytical abilities.

The curriculum justifies the assigned lectures.

The course curriculum covers the latest developments in relevant areas.

Course curriculum contains scope of relevant activities.

The course content is updated rationally.

The course curriculum has good balance between theory and practical applications.

The Course content encourages self and extra curriculum learning.

ANALYSIS OF FACULTY FEEDBACK ON CURRICULUM (Curriculum Feedback Analysis 2020-21)

Programme : B.Sc (Hons) MICROBIOLOGY

The course content is in conformity with the course objectives and outcomes.

The course curriculum is well balanced between theory and/or practical/field work knowledge.

The course content has been presented from basic to advance.

The current course content is sufficient to fill the gap between industry and academics.

Credit allocation is rational to the coverage of the course curriculum.

The curriculum has focus on skill development/employability/entrepreneurship.

The course content has increased knowledge and interest in the subject area.

The text books and reference books mentioned in the syllabus are relevant and updated.

The course curriculum improves students comprehension of the domain.

The course curriculum needs moderation.
